Seamstress of the Sweethearts

— By Amber D. Browne

America's Team — the Dallas Cowboys. First coined by National Football League Films producer Bob Ryan in 1978, this nickname has followed the team for nearly five decades. But fans flock to the Dallas Cowboys for more than football highlights, Super Bowl wins and the recognizable star logo. Often referred to as America's Sweethearts, the Dallas Cowboys Cheerleaders draw attention of their own accord, donning their iconic blue and white uniforms as they perform athletic routines and excite the crowd from the sidelines. Designing this iconic uniform that allows the wearer to perform in front of millions of viewers each week is no easy task. For nearly two decades, Lisa Dobson was the woman behind it all.

In 2005, Lisa took over as designer and seamstress for the DCC. "That particular year, their designer had quit in the middle of the season," Lisa explained. "I was excited and a little overwhelmed."

With only a few yards of the original fabric from the late 1970s remaining and a limited supply of belt buckles, Lisa had to improvise. She reworked existing pieces and found similar belt buckles to build the cheerleader uniforms. She designed patterns when the new fabric arrived the following season. "I was allowed to start over. There were no instructions. I went off the older uniforms and improved them. It took me a few years, and the organization was really patient while I developed uniforms to a consistent standard."

At the request of DCC director Kelli Finglass, Lisa implemented adjustments to the overall fit style. She engineered two significant changes to the uniform to allow for more movement and durability. Adjusting the sleeve cut allowed for more stretch during dance movements, and she also invented a procedure to make the iconic crystal stars

significantly more durable. “Kelli and I worked very well together and enjoyed our time during the annual uniform fittings. By four years, I found my place in the process and enjoyed it immensely. Every year was so satisfying.”

Lisa said it takes a heart for dancers to design the uniforms. The uniform is custom fit on each cheerleader. “Everything starts as a blank,” she said. “You cannot just be someone who makes garments and sticks them on somebody. You have to know how much this garment means and how important it is to the performer that’s wearing it. For those women at this point in their lives, this is the most important thing on the planet,” Lisa said. “The girls will say, ‘I feel like a superhero.’ It’s like going into a phone booth and putting it on, and they’re like, ‘Ta-da, here I am!’ That is such a magical moment.”

In 2023, Lisa proudly passed the responsibility of designing and sewing the DCC uniform to her protégé, Meagan Tate. “It was time. She was ready to take it on. For me, it was getting a little harder because I’m getting older — my hands a painful reminder of that fact. But, I loved it and didn’t want to give it up.” Lisa is still on call to help as needed.

Viewers can catch a glimpse of Lisa in previous episodes of *Dallas Cowboys Cheerleaders: Making the Team* that aired on Country Music Television and *America's Sweethearts: Dallas Cowboys Cheerleaders* on Netflix. Many of her cheer uniform designs are showcased in the coffee table book, *America's Sweethearts: Dallas Cowboys Cheerleaders*, and in 2018, the Dallas Cowboys Cheerleaders uniform was inducted into the Smithsonian's National Museum of American History. Other costumes she has built, the "Picnic" and "Curtains" dresses, are in the permanent collection on

display in the *Gone With the Wind* Remembered Museum in Cleburne. Over the years, Lisa created DCC costumes for special Halloween and holiday shows. She also designed garments for various individuals including *Today Show* costumes for Savannah Guthrie and Jenna Bush Hager. Even Dolly Parton wore several DCC uniform pieces, further embellished with crystals by Dolly's designer, for the Cowboys Thanksgiving halftime performance in 2023. If her schedule allows, Lisa is also known to help a friend with her wedding dress.

Lisa was destined to be a clothes designer. "I have a picture of me at age 17 months under my baby bed with my hands in my mother's sewing box. I still remember the day I discovered that thing." Lisa's mother, Judy Schmoker, allowed her to cut and stitch pieces of fabric by the age of 4. "She taught me to sew." After high school, Lisa attended Baylor University but later transferred to University of

North Texas, where she majored in apparel design. "I had a lot of art background. I loved designing and illustrating." In semi-retirement, Lisa continues her love of the craft. She creates costumes for dance companies in the area, and she would like to eventually sew for herself and her grandchildren, and potentially approach swimsuit design. She and her husband, Kevin, spend their free time with their grandchildren and on travels to Galveston. Back at her home in Parker County, Lisa's memories of the DCC are on full display in her office. The coffee table book, photos from her time with the Dallas Cowboys Cheerleaders and memorabilia collected over the years bring her back to the iconic team. "I can't stress enough what a remarkable group of people I have worked with over my years with DCC, a truly great organization. I will always have my part in the history of this brand and will always feel welcome among the brilliant ladies of the team." **NOW**

FINALLY a way to fix the **PAIN** of a **BULGING DISC**

Are you suffering from back pain, arm or leg pain, numbness, tingling, or weakness in your arms or legs? Then it's likely you're suffering from a bulging disc. That's when one of your spinal discs is bulging and causing these, sometimes severe, symptoms because of the effect it's having on your nervous system.

You may have already had this diagnosed on an MRI and thought that there is little that can be done about it. Bad information is a major problem because, in the right hands, a lot can be done for you. To end the misery caused by bulging discs, you must have the right information.

Pay close attention because I'm going to destroy some important myths and give you the facts.

MYTH: Bulging disc problems will just "go away" with some rest.

FACT: If you are dealing with back pain, buttock pain, or leg pain, then you must seek help from a bulging disc specialist immediately. If left untreated, the problem can lead to permanent nerve damage and lifelong pain.

MYTH: Pain is the only problem associated with bulging disc issues.

FACT: In severe cases, this problem can lead to the inability to control your bowels, bladder, and sexual potency, resulting in embarrassing situations.

MYTH: You must take pain medications to deal with bulging discs.

FACT: Drugs like muscle relaxants, painkillers, narcotics, antidepressants, and anti-seizure medications have serious potential side effects and do not cure bulging discs.

MYTH: Stop exercising and get several weeks of bed rest to let the bulging disc recover.

FACT: Staying active can help relieve the pain and prevent it from getting worse. Staying inactive in bed could be the worst advice, based on a recent study in the Netherlands.

MYTH: "I must have done something wrong to damage my disc."

FACT: Physical work or simply sitting at a desk for long periods can lead to bulging discs. Accidents and trauma can also be culprits. Pregnancy can cause damage as well. Disc bulges can happen to anyone, including super-fit celebrities like Tiger Woods, Sylvester Stallone, and British Olympic medalist Ian Wynne.

MYTH: Disc bulges or herniations require surgery.

FACT: No! There's been a huge breakthrough in the treatment of bulging discs.

MYTH: "There's nothing anyone can really do. I'm just stuck with this for the rest of my life."

FACT: With the correct treatment from a healthcare professional who specializes in bulging discs, you can find relief from the core cause and the symptoms.

MYTH: Getting a bulging disc properly diagnosed is expensive.

FACT: Not true. Dr. Carl McAfee and his team of doctors in Weatherford are currently offering an initial consultation with one of their specialists for just \$29.

Dr. Carl McAfee, DC, and his team of doctors are bulging disc experts in Weatherford. This procedure does not require a hospital stay, and in most cases, you'll be able to continue with your normal daily activities with little interruption. The focus is on finding—and correcting—the original cause of the bulged disc.

According to Dr. McAfee, "We use a specialized digital X-ray motion study analysis to precisely diagnose the cause of your bulging disc. This means superior long-term results for most people." Eighty-eight percent of people find relief from the pain and associated symptoms. Because the treatment is non-surgical, safe, and easy, most patients report relief from their pain and associated symptoms early in the process.

Take the next step—end the suffering with an initial \$29 consultation. Secure a thorough examination with McAfee Chiropractic.

Call 817-594-0281 to schedule your appointment. Mention this article (CODE: WN1109BC), and they will happily reduce the usual consultation fee of \$275 to just \$29! Only 100 reader consultations are available at this exclusively discounted rate.

Bluebonnet Paws Luxury Mobile Grooming

Grooming a dog can be stressful, both for the pet and the owner. Loud kennels, long waits and unfamiliar environments can leave even the most easygoing pup anxious. Renee Caywood built Bluebonnet Paws Luxury Mobile Grooming around a different philosophy: Bring the luxury spa experience

directly to the customer's doorstep, with one-on-one care, no cages and no chaos.

Renee's path to professional grooming started at home. Her mother was a professional groomer for years and passed her knowledge on through years of working on friends' and family members' dogs. Renee took her time, building confidence and skill until she felt ready to offer her services professionally and be proud of the work she produced. That foundation led to the launch of Bluebonnet Paws in June — and the response from Parker County has been extremely positive. "I absolutely love all my clients and am overwhelmed by the love and support of Parker County," she said.

As a mobile service, Bluebonnet Paws travels throughout Parker County with no travel fees, keeping the focus local and community-centered. Each appointment is a private, personalized experience tailored to what the owner and pet actually need.

The service menu reflects that commitment to quality. The Bluebonnet Bath is a restorative, full-service bath package that includes a warm hydro-massage bath, premium wash and conditioning treatment, blow-dry, brush-out, nail trim and file, ear cleanse and paw tidy, along with Bluebonnet's signature finishing mist. An optional sanitary trim is available for an additional fee.

For dogs that need more precise styling, the Hill Country Groom adds a full haircut, precision scissoring and coat shaping to everything included in the base service. Both packages can be customized with a range of add-ons including shed-control treatment, hypoallergenic shampoo, flea and tick baths, pawdicures, seasonal scents and de-matting services.

What truly distinguishes Bluebonnet Paws is the one-on-one attention each dog receives from start to finish. There are no other animals in the space, no waiting in a kennel and no rushed turnaround. Every dog moves through the grooming process at its own pace in a calm and private setting, which is especially valuable for anxious or senior pets.

Renee is also committed to giving back to the community that has embraced her business. She has volunteered with Celine's Cats & Canines Rescue and plans to continue seeking out community events and organizations to support. For Parker County pet owners looking for premium grooming without the stress of a salon visit, Bluebonnet Paws offers a great alternative delivered right to their door. **NOW**

"If there is any way to make the death of a loved one a good experience, Galbreath and Pickard did that for us. When my husband first became ill, we decided to pre-plan our funerals. That made it so easy. When he actually passed, from the time we called them, throughout the final planning of the service, to the obituary and follow up after the service, their communication, respect and genuine care was outstanding. I highly recommend them." - Tressa B.

"Horses are amazing animals," said Weatherford resident, Barbara Epps. "They can sense your mood and react accordingly." Barbara founded Equines for the Front Lines with her husband, Ron, six years ago to provide an opportunity for veterans and first responders to share their experiences and learn horsemanship skills. "We provide a nurturing, supportive environment for those who may be looking for a place where they will be encouraged and understood. There is no charge for our program and no prior horse experience required." Working with horses can provide a sense of accomplishment and improve self-confidence. "Horses require 100 percent of your attention, which helps those with PTSD, anxiety or depression to focus and be present." The organization holds weekly informative meetings and will host an open house fundraiser later this month.

Zoomed In: Jocelyn Mckenzie

By Amber D. Browne

The benefits of tea have been recognized for millennia. Herbal teas can help with digestion, promote relaxation and boost the immune system. "There is really a tea for everything," said Jocelyn Mckenzie, owner and creative director of Starlit Grove Goods.

Just over four years ago, Jocelyn began mixing loose-leaf teas and educating herself through herbalism courses, but she has benefited from tea and herbs for most of her life. "Tea and herbs have helped me manage my chronic migraines better than nearly any other remedy I've attempted."

Preparing tea can engage the body and mind. "It helps offer a bit of peace and quiet for a moment in an otherwise often chaotic world," Jocelyn said. The Weatherford resident sells her teas, essential oil-based body care items and nature photography at markets across DFW.

Frances Lilley of Country Crossroads club is presented The Texas Treasure Award for Parker County by Kathy Smith with Texas A&M AgriLife Extension Service.

Weatherford Cross Country Varsity Girls and Varsity Boys win Team Champions at the Spartan Mean Green Invitational.

Weatherford College alumnus Jack Christopher Blair, pictured with WC President Tod Allen Farmer, establishes a permanent scholarship endowment through the WC Foundation with preference given to Parker County residents in good academic standing.

Ann Feriend-1st place, Cindi Neverdousky-2nd place and Patricia Harder-3rd place are recognized during the Weatherford Art Association's August Artist of the Month competition.

Cozy Pumpkin Recipes

Pumpkin, warm spices and hearty ingredients take center stage as we embrace comfort food season. These recipes capture the essence of fall, bringing warmth and nostalgia to your table. [NOW](#)

Creamy Pumpkin Pasta

- 1 lb. penne pasta
- 2 Tbsp. olive oil
- 3 cloves garlic, minced
- 1 cup pumpkin puree
- 1 cup heavy cream
- 1/2 cup chicken broth
- 1/2 cup Parmesan cheese, grated
- 1 tsp. dried sage
- 1/2 tsp. nutmeg
- 1/2 tsp. salt
- 1/4 tsp. black pepper
- 1/4 cup toasted pumpkin seeds

1. Cook the pasta according to the package directions until al dente; drain and set aside.
2. Heat the olive oil in a large skillet over medium heat. Add the garlic; sauté for 1 minute until fragrant.
3. Stir in the pumpkin puree, mixing well.
4. Pour in the cream and chicken broth, stirring until smooth.
5. Add the Parmesan; stir until melted and incorporated. Add the spices.
6. Simmer for 5 minutes, stirring occasionally, until slightly thickened.
7. Add the pasta; toss to coat evenly.
8. Serve hot, garnished with toasted pumpkin seeds.

Pumpkin Soup With Bacon

- 6 slices bacon, chopped
- 1 medium onion, diced

- 2 cloves garlic, minced
- 4 cups pumpkin puree
- 3 cups chicken broth
- 1 cup heavy cream
- 1 tsp. dried thyme
- 1/2 tsp. cinnamon
- 1/2 tsp. salt
- 1/4 tsp. black pepper
- Sour cream, for serving
- Fresh chives, for garnish

1. In a large pot, cook the bacon over medium heat until crispy, about 5-7 minutes.
2. Remove half of the bacon with a slotted spoon; set aside for garnish.
3. Add the onions to the pot with the remaining bacon; cook until softened, about 5 minutes.
4. Stir in the garlic; cook for 1 minute until fragrant.
5. Add the pumpkin puree and chicken broth, stirring to combine.
6. Bring to a simmer; cook for 10 minutes.
7. Stir in the cream and spices. Use an immersion blender to puree the soup until smooth, or transfer to a blender in batches.
8. Simmer for an additional 5 minutes to heat through.
9. Serve hot, topped with a dollop of sour cream, reserved crispy bacon and fresh chives.

Pumpkin Spice Muffins

- 2 cups all-purpose flour
- 1 tsp. baking soda
- 1/2 tsp. baking powder
- 1/2 tsp. salt
- 2 tsp. pumpkin pie spice
- 1/2 cup unsalted butter, melted
- 1 cup granulated sugar
- 1/2 cup brown sugar
- 2 large eggs
- 1 cup pumpkin puree
- 1/4 cup milk
- 1 tsp. vanilla extract

1. Preheat the oven to 375 F; line a 12-cup muffin tin with paper liners.
2. In a medium bowl, whisk together the first 5 ingredients.
3. In a large bowl, combine the melted butter and both sugars, stirring until smooth. Beat in the eggs, one at a time, until well incorporated.
4. Add the pumpkin puree, milk and vanilla extract, mixing until smooth.
5. Gradually fold the dry ingredients into the wet ingredients until just combined.
6. Divide the batter evenly among the muffin cups, filling each about three-quarters full.
7. Bake for 18-22 minutes until a toothpick inserted in the center comes out clean.
8. Let the muffins cool in the pan for 5 minutes, then transfer to a wire rack.
9. Serve warm or at room temperature.
