DISCOVER THE POWER OF A2M (ALPHA-2-MACROGLOBULIN)

A NATURAL DEFENSE AGAINST JOINT & TISSUE DAMAGE

A2M is a powerful protein found in your blood that plays a crucial role in protecting your joints and tissues from damage. Scientists have discovered its incredible potential in regenerative medicine, particularly for those suffering from joint pain, arthritis, and other degenerative conditions.

Key Benefits of A2M Therapy:

- **Protects & Preserves Cartilage:** A2M acts as a natural inhibitor, preventing harmful enzymes from breaking down cartilage and joint tissues.
- **Reduces Inflammation:** It helps decrease inflammation, which is a leading cause of joint pain and degeneration.
- **Slows Disease Progression:** A2M therapy has shown promise in slowing the progression of osteoarthritis and other degenerative conditions.
- **Non-Surgical Treatment Option:** A2M therapy offers a regenerative, non-invasive alternative to surgery and long-term pain medications.
- **Supports Natural Healing:** By neutralizing destructive enzymes, A2M helps promote the body's natural healing processes.
- **Potential for Long-Term Relief:** Many patients experience long-term symptom relief and improved joint function after undergoing A2M therapy.

You think it's hard keeping your house clean? Try keeping a city clean. Keep DeSoto Beautiful is a group of concerned citizens and city officials who announce their goal in their name. "We're connected to Keep Texas Beautiful. Most cities have a chapter. We operate through the city manager's office, and each city council member appoints one board member, so each place is represented," explained DeSoto Parks Superintendent Nate Busby.

"We're a community-based nonprofit, here to improve the appearance and quality of life in DeSoto," Amen Kamau, the current president of the Keep DeSoto Beautiful board added. "We work on litter prevention, and organize cleanup efforts, beautification projects, environmental education and volunteer engagement."

One of their big projects is organizing a tree giveaway for Texas Arbor Day. "We typically hand out about 100 trees, mostly varieties of oak. Citizens come and pick them up. It's surprising how many people are interested in trees," Amen informed.

"We start giving the trees out at 9:00 and stay until noon, but this year, we had given out all of the trees by 10:01," Nate remembered. "We always have a representative from the Texas A&M AgriLife Extension Service there to talk to the people when they come to pick up the trees. The ones we give out are 18 inches tall, so they fit in people's cars. People tag us in pictures of their trees after they plant them."

Cleaning a City

— By Adam Walker

Another ongoing project of KDB is their two annual cleanup days. "We hold one in April and one in September," Nate explained. "It's all volunteers. We get local businesses to sponsor the cleanups. We average 80 to 100 participants each time. The city litter crew is seven people. They help pinpoint hot spots and choose the locations for the event crews to work."

"KDB promotes civic pride and environmental respect," Amen added. "We make our community more attractive, and it helps our property values. The way your street looks represents your community. It is safer, healthier and more positive in the long run. We want KDB to be a household word. We want people to know we're here and volunteer their time to keep DeSoto beautiful."

"For our April cleanup, we will meet together and assign teams of volunteers to each chosen location," Nate explained. "We give them all the supplies — trash bags, pickers, safety vests. We even let the volunteers take that stuff home with them at the end, so they have the

tools they need to organize their own events in their own neighborhoods. All the litter is collected at established pickup locations. And we collect data on the impact we had.”

“The most important part of our mission is education,” Nate continued. “We want every citizen to take care of their own property. We go to the schools to talk about the benefits of trees and a clean environment. We encourage recycling. We nominate a school campus for recognition when they’re doing a great job of keeping the school and its grounds clean. We also recognize local businesses that go above and beyond making their location beautiful. All of the things we do work together, but education is most important.”

As part of the education process, and to get the word out about who they are and what they do, KDB shows up at city events. “We sponsor a table at the Fourth of July celebration, where we give out goodie bags,” Amen shared. “We do the same thing at Juneteenth and Easter.”

“Another thing we do is partner with

the Youth Advisory Council to host a movie night,” Nate added. “At the movie night, we ask questions about the environment and about DeSoto. We have gift cards as prizes.”

One KDB initiative was to put trash cans at certain intersections. “This was brainstormed at a KDB meeting,” Nate remembered. “We started with 12 cans. It’s made a difference, so we’re expanding to more intersections.”

Amen was asked to serve on the KDB board by Councilor Chism. “When she asked me to serve, I didn’t know what Keep DeSoto Beautiful even was. So, I looked it up online and found out. It looked like a good fit. It’s turned out to be pretty cool. We’ve been able to get the word out about ways we can all improve life in DeSoto. We’ve

sponsored different projects. There’s always something new to be added or different to do.”

Nate grinned. “He’s being humble. He organizes our community volunteers. He’s very active in the community. Amen is the current president of the KDB board. The members are appointed for two years, which can be renewed. But if there are others waiting to serve, they have to step down for one year before they can be reappointed. Each city department assigns a staff liaison. My position as parks superintendent oversees the board, so I’ve been involved for four years now. The other six members of the KDB board currently serving are: Shelonda Weaver, Richard Rogers, Rhett Washington McCoy, Mary Davis, Jonette Hutchinson and Debbie Hicks.”

“It would be great to have even more members to help get the job done,” Amen confessed. “It’s not about a title. It’s about doing the work. Some people really like titles. I say to those people, ‘That’s your title, but what do you do?’ We need more awareness of how litter affects the community.” **NOW**

Historical Home Roof Replacement

Restoring a historic home takes more than technical skill; it takes respect for the craftsmanship and character that make it special. When we were trusted with this historic Waxahachie home, our goal was simple: protect what makes it unique while upgrading it for modern Texas weather.

Every decision was made with care. We focused on clean lines, proper flashing, and details that feel true to the home – not overbuilt or out of place. The finished roof blends seamlessly with the original design while providing stronger protection against hail, wind, and long-term wear.

Our in-house crews handled every step of the process, from carefully removing the existing roof to inspecting the structure and installing Malarkey Vista® AR Class 4 shingles in Natural Wood, chosen for their timeless look and proven impact resistance.

At Shepherd Roofing & Renovations, we believe great work shows in the details, clear communication, and doing things the right way the first time. This project is backed by a 10-year workmanship warranty along with manufacturer coverage, giving homeowners confidence long after the job is done.

Preserving what matters while improving what protects it; that's the Shepherd difference.

"We're a small business built on Christian values, and our goal has always been to do the right thing. Between our team, we have more than 100 years of experience. Roofing runs in my family — my dad and uncles were roofers, and I spent my summers working alongside them. I went full-time in 2012, and we've been committed to quality ever since."

Jennifer Mendez enjoys working with the dogs, cats and other animals at Tri-City Animal Shelter. “I’ve been working here for about a year now,” she informed. “This boy is Barney. He’s been here since he was surrendered in November. He’s a 4-year-old, 77-pound, mixed breed.”

Barney was as sweet as could be and very friendly. He greeted nearby humans and made sure he got some pats on his big old head. He calmly stood and soaked up some winter sun, making the most of his outdoor time. He seemed very comfortable with his leash.

“Working here is a new experience every day,” Jennifer cheerfully explained, while stroking Barney’s head and sides. “You’re always learning something new. Every day is something different.”

Hours: Monday-Friday: 7:30 a.m.-5:00 p.m.

Friends Place Adult Day Services in DeSoto offers daytime care and support for your loved ones living with dementia from Alzheimer's and other causes. They provide a safe professional environment for the person you care about, while you're at work or on the day you need a break from the heavy load of walking this road with them.

"Our program changes with the times," said Marylynn Henry, founder of the DeSoto location. "Our main focus is helping people who have opted to keep their loved one at home."

Ryan Henry, Marylynn's son, agreed. "I recently gave a talk at UT Southwestern about how dementia patients who stay at home live longer and have better health outcomes."

Staying at home keeps your loved one in a familiar environment, surrounded by people who love them and share memories with them. It's also more cost effective. Full-time caregivers, in-home caregivers and residential skilled nursing facilities cost far more than the \$95 a day to entrust your loved one to the professionals at Friends Place. "We cost less than a quarter of what the cheapest of the other options cost. Our program provides a social aspect that you don't get when you're at home all day. Our members become friends. Recently, when one of our members spent time in the hospital, several of our members went to visit him," Marylynn remembered.

"It isn't uncommon for our members to exchange phone numbers, so they can call each other when they're at home," Ryan added.

"We run a quality program," Marylynne explained. "We train our staff extensively on how to interact and communicate with dementia patients."

"It takes a lot of patience," Ryan added. "Sometimes, it's almost like detective work, because they aren't always reliable narrators of their own experiences. Instead of the 1-to-12 or 1-to-15 ratio of staff to patients that you get at a nursing facility, we have a 1-to-3 or 1-to-4 ratio. So, we can offer more individualized care than is possible in a nursing home setting."

"Our program provides a social aspect that you don't get when you're at home all day. Our members become friends."

Friends Place provides an environment more like a social club. "We have salon days when a beautician who knows how to communicate with our members takes the time to find out what they really want. She also helps them maintain their nails. We have frequent outside entertainers. There's tai chi twice a month, and chair yoga, also twice a month, as well as daily chair exercise. They have a book club, with lively discussion. An art teacher provides classes in painting, yarn art and other media. We have a weekly cooking class. Therapy dogs come every month. And Dora Franklin brings the Gospel Good News Story Hour twice a month. We have live music two or three times a month."

Friends Place ADS is part of a Medicare pilot program — the GUIDE Program for people with Medicare Parts A and B to receive 25 days of care at facilities like Friends Place. "We provide this in conjunction with Healing Hands Health Care. Medicare added respite care in 2025, and we're their respite care partner. The VA also provides money for some days of respite care."

In addition, Friends Place hosts a support group for people caring for loved ones with dementia. "It meets every second and fourth Tuesday from 2:00-3:30 p.m.," Marylynne explained, "and is open to anyone in the community caring for a loved one with dementia." **NOW**

WINTER 2026

FASHION TRENDS

FOR WOMEN

— By Amber D. Browne

As seasons change, so do fashion styles. New trends emerge to incorporate with favorites of the past, and popular color choices combine with classics. The winter 2026 season allows all generations of women to integrate current fashion front-runners into their wardrobes.

The new year brings bold styles featuring silhouettes of volume and elongated lines. Puffy bomber jackets, which can be worn for warmth or as a top according to Dallas fashion blogger, Heather Anderson, are all the rage this winter. “I love this trend because it feels modern, confident and very fashion-forward, but it’s also incredibly flattering,” Heather shared in an article, *8 Fashion Trends That Look Expensive But Aren’t (2026 Style Guide)*. She suggests zipping up the jacket and slightly tucking it under for a more streamlined silhouette.

Another trend this winter is popping the collar of the jacket. Some designs include their own stand collar for a sophisticated look. Basic black leather jackets are a must-

have. Utility jackets paired with wide-leg cargo pants popped up throughout winter 2026 collections, according to the *Marie Claire* article, *The Best Winter 2026 Fashion Trends Are Both Weatherproof and Party-Proof*.

Although wide-leg pants are trending, the skinny jean look continues to hold space in the fashion world providing a slim-fitting silhouette. In 2026, high-waisted wide-leg pants, leggings and ankle-length pants in black or dark neutral colors pair well with tucked in or waist-length tops. Maxi dresses are also must-haves and can be layered with neutral jackets. Dress up the look with knee-high boots or wear ballet flats or skinny sneakers for a more casual feel.

Scarves are making a comeback this winter, according to the *Marie Claire* article. “It’s not just a winter add-on or afterthought,” the article stated. “Just as a great coat can be the whole look, the right scarf can offer enough drama and intrigue to be the grounding factor of an outfit.” Ivory faux fur stoles, skinny scarves and tops with built-in shawls are some examples of this winter’s women fashion accessories.

Trending shoes include slimmer boot silhouettes. According to the article *Winter 2026 Fashion Trends: Simple, Stylish Updates for Your Wardrobe* on jolynneshane.com, boots are a foundation to most winter wardrobes. The article

suggests this winter, the style shifts from a chunkier, heavier boot to boots with “cleaner lines, sleeker profiles and a more refined overall shape.” Almond-shaped or softly rounded toes and low or block heels are popular in ankle boots and knee-high styles. The article continued, “Decorative buckles, cutouts, and other extra details aren’t as prominent this year; the most modern boots feel streamlined and minimal.” Ballet flats, pointed-toe heels, leather lace-up shoes and skinny sneakers are also in style this winter.

Sherpa is a popular texture this season for vests and accents in shoes and boots. “It adds warmth and texture without overwhelming your outfit, which makes it an easy trend to incorporate even if you prefer a more understated vibe,” according to the jolynneshane.com article. Additional trending textures include organic cotton, velvet and faux fur.

Now onto color. The Pantone Color of the Year 2026 is PANTONE 11-4201 Cloud Dancer. According to pantone.com, this shade of white “serves as a symbol of calming influence in a society rediscovering the value of quiet reflection. A billowy white imbued with serenity, PANTONE 11-4201 Cloud Dancer encourages true relaxation and focus, allowing the mind to wander and creativity to breathe, making room for innovation.” This light, neutral shade allows other

colors of pastels and deeper hues to hold the spotlight. Other color trends this winter are deep navy blue as an alternative to black, camel brown, teal, powder pink, pale pistachio and winter citrus, according to the *Marie Claire* article.

As fashion trends come and go, tried and true styles can last a lifetime. Essentials to incorporate into any woman’s wardrobe this winter include a puffy bomber jacket, black leather jacket, scarves, ballet flats and sleek, almond-shaped ankle boots. Think about incorporating neutral colors when shopping for winter clothing this year. Incorporating some newer favorites into the closet this season can create a fresh and sophisticated wardrobe. **NOW**

IN THE KITCHEN WITH

JERRY PRATER

— By Adam Walker

Jerry Prater cooks for fun and flavor and to express his creativity. “I grew up in Dallas, learning soul food from my great-grandma, Johnie Mae Anderson. I started experimenting in the kitchen as a preteen. I like remixing the classics, like chicken and waffles. Down-home soul food is my heart, but I love grilling, experimenting and flipping flavors.”

When he isn’t expressing himself in the kitchen, Jerry finds plenty to keep himself busy. “I love watching and playing sports with my sons, vibing to R&B music with my wife, watching horror movies and embracing life. I thank Chris Thurman, Tiffany Washington, Glenicia Gowans and fitness coach Sabrina Price for inspiration.” **NOW**

If you are an adult who is afraid of going to the dentist, or even just a little extra anxious, Serenity Advanced Dentistry may be just what you are looking for. "We do a lot of sedation dentistry, mostly for adults," Dr. Allala explained. "It's kind of my niche. Many adults may have some pretty serious anxiety about going to the dentist. They may not even seek care. They'd rather be in pain. I provide a place to take care of these people. When patients elect to get treatment, we lower the statistics of people living in pain. I like being able to contribute to improving people's lives.

"Coincidentally, a lot of people who are anxious about going to the dentist are also people who don't have good insurance. That's a bad combination. I have membership plans for patients without insurance, and really good discounts on implants and dentures. A membership might not be necessary if you only need one simple procedure, but if you need sedation and a lot of work, it really pays for itself."

Dr. Allala is a graduate of the Texas A&M School of Dentistry. "When I started there, it was still Baylor. My diploma has both names on it," she recalled. "I specialize in oral surgery, and we're really good at it. I'm nothing without my team. We do everything in dentistry. I like being well rounded. I enjoy being an overachiever, so I'm constantly taking continuing education, keeping up with all the

newest techniques and technology. I'm also a native Spanish speaker. I grew up speaking both languages. Our YouTube videos explaining procedures are available in both English and Spanish."

Dr. Allala is proud of the service they provide at Serenity Advanced Dentistry. "I think we give five-star service. And I know my staff is five-star. We know what works and what doesn't. I know it sounds corny, but this is my life's work. Most of my staff have been with me for years, at different locations around DFW, before I came to Cedar Hill. I met Mariela seven years ago, in Pleasant Grove. It was my first job out of school. Racine has been with me four years, and Jazmine three years, both in Red Oak. Our newest team member is Jessica. She found us three months ago when she emailed me looking for an opportunity to shadow a dentist."

"I LIKE BEING WELL ROUNDED. I ENJOY BEING AN OVERACHIEVER, SO I'M CONSTANTLY TAKING CONTINUING EDUCATION, KEEPING UP WITH ALL THE NEWEST TECHNIQUES AND TECHNOLOGY."

Serenity Advanced Dentistry has all the newest technology to make your experience convenient. "We have hospital-grade blood pressure machines, so we can do sedation. We also have intraoral scanners, so I can see inside your mouth, from every angle, before I ever go in for your procedure. We print dentures and place implants right here in the office. With our skills and strategies, most patients don't even feel our injections. We have TVs in every room to keep you entertained while we work. It's all about efficiency — working smarter, not harder. That's why I designed the floor plan of the office myself. And we're really big on sanitation and sterilization. It's important to maintain a sterile environment, which is why we're closed every Friday for deep cleaning the office and training."
