EDITOR'S NOTE

Happy June!

June is our last month before the heat takes over. Social distancing has changed almost everything in our lives, but, thankfully, it has not changed Mother Nature. June is the month when vegetable gardens all over Waxahachie will spring into their best action. Cucumbers, squash, tomatoes, okra and sundry other vegetables will all be begging to be eaten. I know many will agree with me when I say that homegrown tomatoes are one of the best parts of June. I usually have too many, so I store the leftovers in the freezer and use them in place of canned tomatoes during the rest of the year. It is so easy. I just keep them whole in Ziploc bags.

My other favorite vegetables to grow and eat are cucumbers and yellow squash. Both vegetables make such lovely vines. I simply train the vines on to a 6-foot trellis using green pipe cleaners. When the weather begins to stay warm, they take off up the trellis at lightning speed, with their yellow flowers and then hanging vegetables that are picture perfect.

Vegetable gardens are such a great way to bond with children. I love to show my grandchildren the first little root that comes out of a seed. Then we plant the seed and watch the first little leaves appear. Nothing feels better than to go outside and pick some fresh vegetables with my little grandson, and then go into the house and prepare them together. Even if it is just slicing and salting them, it is a fun, educational and nutritious experience!

Have a great month, my fellow Waxahachians!

Adversity Bri Opportu

Dr. Bonnie Cain, the WISD Superintendent, understands the heartache and frustration that the Class of 2020 feels due to the worldwide COVID-19 pandemic. "When these students started school in August, they were looking forward to prom, senior week, graduation and all of the other trappings of senior year. Unfortunately, COVID-19 stopped senior year, for the Class of 2020, in its tracks," Dr. Cain said.

Benjamin Franklin once said, "Out of adversity comes opportunity," and Dr. Cain recognized many good things have come out of this unprecedented situation. "The support shown to seniors has been heartwarming, and we are blessed to be a part of a community that values students in the way Waxahachie always does," she said. "It is important to realize the adversity faced by the Class of 2020 in no way outshines their many accomplishments this year."

- Dr. Cain listed many of those accomplishments:
- · A state champion culinary arts team.
- · Some of the top broadcast media students in the state.
- Athletes whose hard work in the classroom qualified them for academic all-state, and whose dedication to their sports qualified them for the playoffs.
- · Eight Dallas Summer Musicals nominations for WHS.
- Global High School's first-ever One Act Play team advanced to bi-district competition.
- · Numerous TSA projects that moved on to national competition.
- \cdot Blue ribbon and other award-winning FFA projects at competitions throughout the state.
- · Hundreds of hours of volunteer work throughout the community.
- Students entering the armed forces or moving on to colleges and universities that include UT Austin, Texas A&M, Texas Tech, Baylor, Rice University, Brown University, University of Southern California and many other prestigious institutions.
- Hundreds of thousands of dollars of scholarships awarded to deserving students.
- \cdot And many, many more achievements.

"I have no doubt that the Class of 2020 will go on to be world changers. Their grit, determination, hard work and compassion for others give them the tools they need to move on to the next stage of their lives and accomplish great things," Dr. Cain said. "To the Class of 2020: We are proud of you. You have bright futures ahead of you. We can't wait to see what you do with your talents. And we look forward to watching you walk across the stage to receive your diplomas soon."

Waxahachie will hold graduation at Lumpkin's Stadium on June 5 for Waxahachie High and June 6 for Global High. Social distancing will be practiced, so each student will be allowed only four tickets. We are lucky to have the large, new stadium that allows both the space to social distance and for our seniors to still get to walk across the stage.

Hours: Monday-Friday: 8:30 a.m.-5:30 p.m.

After serving as a captain in the Air Force in World War II, Victor A. Cooper, Jr. moved to Wortham, Texas, where he raised cattle and started his own insurance agency. In 1947, Victor moved his insurance agency to Corsicana and raised his family. In 1972, Victor's son, Dennis Cooper, opened his own insurance agency after finishing graduate school at Texas A&M University-Commerce. In 1977, Dennis and Victor merged their agencies in Corsicana, and Victor retired six years later in 1983.

TALL COLD BUILD

In 2007, Victor III, opened the Waxahachie location of

Cooper Insures. Since then, he has expanded with business locations in Red Oak (2018) and Ennis (2012). "Our company writes insurance for more than 100 companies. We have done business with many of these companies for over 50 years. My favorite part of my job is helping people understand insurance and how to compare companies, as well as policies. There are just so many variables when a person is trying to shop for insurance. Using an agency with so much experience behind them, an agency that has such an extensive history with so many different companies, is definitely the best way to get the very best policy for your money," Victor said. "And that is what Cooper Insures is all about. Finding the policy that precisely fits the needs of the client, at the very best rate out there," Chasity, Victor's wife, added.

I COOPER

972-938-9700

Today, many people choose to shop for insurance on the Internet. "Unfortunately, the majority of people do not fully understand the coverages and limits that they need. It might seem like it would be cheaper to go directly to an insurance company instead of using an agency, but it does not work out that way," Victor explained. "We can compare prices between all the companies we write for in minutes. We have been in business so long that we have established relationships and a history with the companies we represent. We know how they treat our customers and how their policies are priced. We take the guesswork out of finding the right insurance company and choosing the right policy."

MY FAVORITE PART OF MY JOB IS HELPING PEOPLE UNDERSTAND INSURANCE AND HOW TO COMPARE COMPANIES, AS WELL AS POLICIES.

Cooper Insures has a place on their website where consumers can ask questions and give their information. "When we receive an email from our website, we usually give the person a call and try to fine tune their insurance needs. Often, a person really doesn't fully understand the insurance laws and what is required of them, and they end up either purchasing too much insurance or not enough. That is another thing that makes going through our agency a big advantage over the Internet. After we speak to the person and fully figure out what their requirements are, then we will shop more than 100 companies for the best price to meet your insurance needs," Victor said.

Through the years, Cooper Insures has always stayed involved in community events. "We try to give back to our communities in any way we can," Chasity said. "This company was created based upon Christian principles (Matthew 7:12), and we believe in truth, honesty and reliability."

Cooper Insures handles every type of insurance. They write for home insurance, auto insurance, life/health insurance and commercial/business insurance. They even write pet insurance and recreational insurance. If you are interested in a group policy, or a policy for business in Mexico, they are ready with all the information and help you need. "You can rely on us for all your insurance needs," Victor said, "because we insure it all!"

We represent hundreds of Insurance Companies.

Betty Square Coleman is the president of the Waxahachie NAACP and a lifelong resident of Waxahachie. She wants to urge everyone in our community to be even more careful about protecting themselves as the community begins to reopen. "If you have a preexisting illness such as chronic heart or lung disease or diabetes, if you have a weakened immune system or if you are over the age of 60, please be especially diligent about avoiding close contact with people. Wash your hands frequently, and avoid crowds," Betty said. "Communities of color have been hit especially hard by this pandemic, and we must not let our guards down until the scientists say we are safe. The NAACP urges everyone to listen and follow the science."

"I enjoy cooking because I love learning new recipes and trying new techniques, and it also helps me destress. I really look forward to cooking dinner for myself and my husband after I get off from work and baking on my days off," Alexa shared. "I have never studied cooking, although that would be an awesome experience. My parents have taught me a few things over the years, but I have mostly learned from reading and watching cooking shows." Alexa enjoys cooking a big, family-size meal a few times a month and taking it to her parents' or in-laws' houses to share. "My mother and I have a tradition of baking all the desserts for the holidays together. It is such a lovely, bonding experience." Now

 Bake in the oven until the ROLO gets soft, about 2-3 minutes; remove from the oven.

4. Press a pecan half on top of each ROLO pretzel.

5. Place the foil with the pretzel ROLO turtles in the refrigerator/freezer for an hour to harden; serve.

6. *Note:* To get a nuttery taste, toast the pecans on a baking sheet in the oven for about 7 to 8 minutes before step 4.

Zucchini Pizza Boats

- $1 \frac{1}{2}$ cups white sugar
- 1/2 tsp. fine sea salt
- 2 tsp. vanilla extract
- 4 large eggs
- 1 15-oz. can pumpkin puree (not pumpkin pie filling)
- 1 tsp. ground cinnamon
- 2 tsp. pumpkin pie spice

Streusel and Topping: 1 cup brown sugar I cup white flour

1/2 cup quick-cooking oats 1/2 tsp. ground cinnamon 1/2 cup unsalted butter, softened 2 tsp. vanilla extract

Salted or plain caramel

I. For crust: Preheat the oven to 350 F. Line a 9x13-inch baking pan with parchment paper. Leave an overhang to be able to pull the bars out easily; set aside.

2. In a bowl, combine all ingredients; mix until a thick dough forms. Press evenly into the bottom of the prepared pan. Bake for 8 minutes. Remove: allow to cool.

3. For cheesecake: Leave cream cheese out for at least an hour before baking. Combine cream cheese, sugar, salt and vanilla. Beat with a hand mixer until completely smooth and creamy.

4. Add the eggs, one at a time; beat until each is combined.

5. Remove half of the mixture; pour on top of the prepared crust.

6. Combine the canned pumpkin,

cinnamon and pumpkin pie spice with the remaining cheesecake mixture; stir until completely combined.

7. Being careful not to combine the two layers, pour the pumpkin on top of the plain cheesecake layer. Bake for 30 minutes. Remove from oven.

8. For streusel topping: In a bowl, stir together the brown sugar, flour, quickcooking oats and cinnamon. Cut the butter into small cubes. Add in the butter and vanilla: mix with your hands until well combined. Avoid melting the butter entirely, as it makes the streusel too wet.

9. Sprinkle the streusel evenly over the pumpkin cheesecake.

10. Place the cheesecake back in the oven: bake for an additional 25-30 minutes, or until the cheesecake has set.

11. Allow to cool for about an hour at room temperature; then place the cheesecake in the refrigerator for 1-2 hours. Cut into bars. Top each bar with caramel topping; serve.

HealthNOW Skateboarding Tough on Feet, Ankles

Board tricks, repeated foot impact can lead to serious injury

Children and young adults love the thrill of skateboarding. They learn to master their skills of "riding the rail" and "catching air." But such tricks, while fun, can be physically demanding and cause serious foot and ankle injuries.

Serious lower-extremity skateboard injuries are not all that uncommon. These injuries range from minor bruises, open wounds or cuts to more serious foot and ankle sprains and fractures, which may require surgical repair.

Skateboarders should use caution and wear protective gear, including properly supportive shoes, when skateboarding. Skateboarding can be particularly hard on your feet and ankles because of the impact caused when performing jumps and tricks. Skateboarders should be aware that the strain from repetitive, forceful motions can also cause painful foot and heel conditions, such as plantar fasciitis, bone spurs and Achilles tendonitis, which may require more intensive, longer-term therapies.

Even minor cuts or abrasions on your feet can cause serious problems. Wounds not cleaned and covered properly on feet and ankles can lead to serious staph infections and may require extensive antibiotic therapy and surgery to heal.

Foot and ankle sprains and fractures are also common skateboarding injuries. Please see a foot and ankle surgeon to ensure proper diagnosis and course of treatment for these injuries. Until you can be seen by a doctor, it is best to take a break from activities and use R.I.C.E. therapy (Rest, Ice, Compression and Elevation), which helps to reduce pain and control swelling around the injury.

A common misconception about foot and ankle fractures is that if you can walk on the foot, there isn't a fracture. That's not always the case, and only a proper diagnosis can rule out a serious injury requiring an advanced treatment plan.
